

AG-6: CENTRAL INTELLIGENCE AGENCY (CIA)

Hours and Method: A 1-hour guest lecture followed by a question period.

Purpose: To outline the position of the Central Intelligence Agency in the production of intelligence in the national policy making process.

Scope: Discusses the mission of CIA, the organization of the Office of Current Intelligence, CIA's relations with other intelligence-producing agencies with special emphasis on the Intelligence Advisory Committee, the problems of the Watch Committee on warning functions, and the manner in which the system operates.
